Professional Summary

Backend Developer with 2+ years of experience in designing and developing scalable RESTful APIs using Java, Spring Boot, and Hibernate. Strong understanding of microservices architecture and cloud-native application development. Hands-on experience with AWS services such as EC2, S3, RDS, IAM, and CloudWatch for deployment, monitoring, and security. Skilled in database design, performance optimization, and integrating external services. Experienced in CI/CD pipelines and agile development environments.

Work Experience

Associate Software Engineer Intern
ABC Tech Solutions, Bangalore *Feb 2021 – May 2022*

- Developed backend modules using Java and Spring Boot following clean architecture principles.
- Assisted in API development and integration with frontend applications.
- Worked on debugging, troubleshooting, and improving application performance.
- Gained exposure to AWS basics and deployment processes.

Education

Bachelor of Engineering. GPA- 7.40/10
City University, Metropolis *2017 – 2020*

Higher Secondary Certificate (HSC). Percentage- 73.4
Central Science College, Townsville *2019 – 2020*

Projects

LogiTrack System (Logistics Application)
Technologies Used: Java, Spring Boot, Hibernate, AWS

- Designed microservices-based backend for logistics tracking system.
- Developed RESTful APIs for shipment tracking, order management, and status updates.
- Deployed application on AWS EC2 and configured RDS for database management.
- Implemented centralized logging and monitoring using CloudWatch.

Ecommerce Web Application
Technologies Used: JavaScript, ReactJS

- Built dynamic UI for product browsing, cart management, and checkout flow.
- Integrated frontend with backend APIs for seamless user experience.

Skills

- **Programming**: Java (8+)
- **Frameworks**: Spring Boot, Spring MVC, Hibernate, JPA
- **Architecture**: Microservices, REST API Design
- **AWS**: EC2, S3, RDS, IAM, CloudWatch, (Basic: Lambda, API Gateway)
- **Database**: MySQL, PostgreSQL
- **Tools**: Git, Maven, Jenkins, Docker (Basic)
- **Messaging**: Kafka (Basic)

Training/Courses

Full Stack Java Development - CodeCrafters Academy, Cityville, 02 June 2023
